Ducting

Clear Mylar Flex Duct

Ideal for use with Negative Air Machine for Ventilation

I-C1225 – 12 X 25' – 4 Pieces - **\$125.00**

I-C1025 – 10 x 25' – 6 Pieces - **\$115.00**

I-C1225HD – 12 X 25' – 3 Pieces - **\$145.00**

I-C1025HD – 10 x 25' – 4 Pieces - **\$135.00**

Ideal for use with 600V Air Scrubber/Negative Air Machine to direct airflow at the intake/exhaust of the machine.

I-MD8 – 8 X 25' – 1 Piece - **\$38.00**

Thermaflex Heavy Duty Ducting

Great for exhausting high volumes of air vertically or horizontally from your negative pressure/air scrubber machine.

Ducts will not unravel when cut and have a self-extinguishing inner core that will not support flames. Temp range is from - 20F-250F. Ducts measure 2-20" in diameter. Greenguard Certified.

Comes in 8", 10", 12" diameter openings 25ft length

I-HD8DUCT - **\$124.95**

I-HD10DUCT - **\$139.00**

I-HD12DUCT - **\$165.49**

Small to Medium Air Scrubbers

0-900 sq. ft. projects w/3-6 air changes per hour

To calculate CFM= Room Volume (LXWXH) X 6 ACH (Air Changes Per Hour) / 60 (min in an hour)

To calculate ACH= CFM X60 (min in an hour) / Room Volume (LXWXH)

OmniAire 600N

200-600 CFM – 2.4 AMPS

36 lbs. – 10" inlet/outlet

Flame Retardant
Polyethylene Cabinet

Variable Speed

99.99% HEPA Filter

I-OA600N

\$1095.00 + Freight

FA700

400-700 CFM – 3.3 AMP

67 lbs. – 10" outlet

3" Hospital Grade Locking Casters
Included

Variable Speed

99.97% HEPA Filter

I-FA700

\$945.00 + Freight

Negative Air Machines

1000-2000 sq. ft. projects w/3-6 air changes per hour

To calculate CFM= Room Volume (LXWXH) X 6 ACH (Air Changes Per Hour) / 60 (min in an hour)

To calculate ACH= CFM X60 (min in an hour) / Room Volume (LXWXH)

FA2000EC

2 Speed Operation (1975 high - 1000 low CFM)

1.75 HP Motor – 12" Outlet

3-Stage Filtration, Power Supply 115VAC

160 lbs.

Lightweight Aluminum Housing with 5" Hospital Grade Locking Casters

I-FA2000EC

\$1,050.00 + Freight (Particle Board Framed HEPA)

OmniAire 2200C

2 Speed Operation (2000 high – 1000 low CFM)

152 lbs. – 12" outlet (optional 12" plastic inlet manifold)

Amber change filter indicator light

Galvanized Metal Cabinet with 5" Hospital Grade Locking Casters

I-OA2200C

\$1,295.00 + Freight (Particle Board Framed HEPA)

I-OA2200CMED

\$1,395.00 + Freight (Metal Framed HEPA)

NOVAIR2000

\$1,295.00

I-F2100

True 2000 cubic feet per minute with filters in place
Powerful 2 HP motor, (the most powerful in it's class)
Horizontal Configuration
Uses Standard 24x24x11.5 HEPA filters
Utilizes HEPA filters or Nuisance dust filters
Polyethylene shell is seamless and dent proof
2 speed configuration (2000 high – 1000 low CFM)
Integrated molded carrying handles
Caster nest for stacking
Integrated rib for strapping

Tell us how long your project is, and we will quote you on the estimated quantity of ducting, clamps, pre-filters, and additional HEPA filters.

Patient Isolation HEPA Filtration Device

1200PAC – Hospital Grade HEPA Air Machine w/ HEPA Filter

99.99% HEPA Filter

Equipped with UV-C Germicidal Lights to eliminate microbial contamination in healthcare facilities and critical environments

Variable airflow – 200 – 1100CFM

Aircraft grade aluminum with powder coating

3" hospital grade locking casters

19"W 42"H 22"L – 110 lbs

Exhaust located at top of unit

I-OA1200PACM-702

\$2885.00 + Freight

Flood Kit

During a water leak or pipe burst you do not always have time to gather all items to help collect excess water dripping or leaking onto hospital floors. Keeping your hospital safe has never been easier than with the ICRA Solutions Flood Kit. We have taken the guess work out of determining what items will help keep the area secure and the water from seeping into patient areas as well as everyday traffic flow. With our flood kits your hospital will be proactively prepared for the next water/spill loss.

Total Package Cost: \$2,495.00+shipping

HEPA Vacuum Auto Clean- True HEPA Filter German Made!

Powerful, HEPA, professional wet / dry vacuum cleaner with fully automatic filter cleaning, for attachment of various case systems, includes extensive accessories.

- Tool cases from various systems can be placed on the vacuum lid and secured.
- Ergonomic transport of the complete unit, consisting of part tool and vacuum, thanks to push handle, case and accessory fastening.
- Fully automatic filter cleaning (AC) for uninterrupted work thanks to the longer service life of the specially designed HEPA filter.
 - Reliable vacuuming of all types of dirt from liquids to fine dusts as well as hazardous materials.
 - Electronic shutdown for outstanding wet vacuuming performance.
 - AutoStart outlet with power-on delay to prevent current spikes.
 - 25 ft [7.5 m] power cable and 13 ft [4 m] suction hose provides a large operating radius.
- 8.4 Gallon Tank

HEPACART 55

Mobile ceiling access cart for containment and filtration

Unit is ETL listed for Canada & the US

I-HEPACART55

\$9995.00

- **Working Dimensions:**
 - Collapsed: 29W X 55L X 68T - Fits through any 3.0 door.
 - Extended: Reaches up to 10'6" with standard enclosure.
- **HEPA-Filtered Negative Air Machine**
 - Lab tested design, individually tested units and with certified testing results and documentation included.
 - Medical grade 99.99+% at .03 microns. MERV 18 plus double gasketed.
 - Fan rated at 750 CFM.
- **Electrical**
 - Three-way electrical wired for 120V allows power to be safely controlled inside and outside the card to best IC practices.
 - Includes 25ft. retractable extension cord, convenience outlets and lighting.
- **Most Versatile Raise/Lower Mechanism:**
 - Telescoping, spring-loaded extension poles (for a tight seal) raise the enclosure to 10'6" standard
 - Raises up to 14' with additional option tall enclosure and MTA (multiple tile adapter) moves in 90 seconds or less with no tools.

Pressure Monitors

I-LN102F / I-LP102F

Visual Airflow Indicator

The L102F Series shown here is the most frequently requested unit. The LN102F is for negative areas and the LP102F is for positive areas. Both units show accurate airflow at a glance.

UL Approved

No Calibration Necessary

Quick and Easy to Install

N I-LN102F

P I-LP102F

\$921.15

I-LN102SF / I-LP102SF

Visual Airflow Indicator w/ Smoke Door

The L102SF Series (for California) is designed with a smoke door, which occludes the wall penetration at all times other than when staff is checking the airflow. The device is available for negative or positive areas as well.

UL Approved

No Calibration Necessary

Quick and Easy to Install

N I-LN102SF

P I-LP102SF

\$969.00

I-L-DUAL102F

Dual Visual Airflow Indicator

The L-DUAL102F is the dual system that will monitor 2 rooms, either Negative Negative, Positive Positive, or Negative Positive. These customizations can be used in different applications depending on where you are trying to use the units in the hospital. For example, a sterilization room and a decontamination room may be next to one another, or 2 negative pressurization rooms may be needed side by side in an OR suite.

Graduated Indicator allow readers above and below .010" water column

2-Hour Fire Wall Rated

UL Approved | No Calibration Needed

Quick and Easy to Install

I-EXHD700

Extech HD700 – Differential Pressure Monitor (2PSI)

Offering 11 selectable units of measure, the HD700 Differential Pressure Manometer can serve as a low range/high resolution Gauge or provide Differential Pressure up to 0 to 55.40 in. H₂O (inches of water). Max/Min recording and Relative time stamp are useful features, as are HD700's Data Hold and Auto Power Off functions. The 2psi HD700 also features Zero function for offset correction or measurement and a built-in USB interface. Comes complete with 9V battery, software with USB cable, AC Adaptor, connection hose, built-in stand, and hard carrying case.

Features:

- ± 2 psi range, 11 Selectable units of measure
- Max/Min/Avg recording and Relative time stamp
- Data Hold, Auto power off and Zero function
- Large LCD display with backlighting
- Heavy duty, double-molded housing
- Built-in USB port (Windows® compatible PC software and cable included)

\$285.00

Economical Particle Counter

VPC300 Video Particle Counter with built-in Camera

Particle Counter with unique built-in camera for capturing videos and photos that are stored onto internal memory or a microSD™ card. The VPC300 can measure up to 6 channels of particle sizes plus Air Temperature and Relative Humidity. Use the included software to generate reports with videos, photos, and data points.

I-EXPC

Features

- Simultaneously measure and display 6 channels of particle sizes (down to 0.3 μ m), Air Temperature, Humidity, Dew Point and Wet Bulb
- 2.8" TFT Color LCD display
- Built-in 320x240-pixel camera takes videos (3GP) and photo images (JPEG) and records them in internal 74MB memory
- Store 5000 records (date, time, counts, humidity, temperature, sample volumes, and location label) and 20 minutes of video
- Selectable sample time, count data, and programmable delay
- Max, Min, DIF, AVG record, Date/time setup controls
- Auto Power Off
- Language selection: English, French, German, Spanish
- Meter is NIST calibrated
- Tripod mount for continuous recording
- Mini-USB port connection
- microSD card slot in battery compartment (memory card not included; max size 8GB)
- Complete with NIST-traceable calibration certificate, Universal AC Adapter/Charger with multiple plugs, USB cable, PC software, tripod, filter, 7.4V NiMH battery and hard case

Foster 40-80 Disinfectant and Coronavirus disease 2019, COVID-19 (2019-nCoV)

Foster 40-80 First Defense™ Disinfectant has demonstrated effectiveness against viruses similar to coronavirus disease 2019, COVID-19 (2019-nCoV) on hard, non-porous surfaces. Therefore, Foster 40-80 First Defense™ Disinfectant can be used against coronavirus disease 2019, COVID-19 when used in accordance with the directions for use against Norovirus on hard, non-porous surfaces. Refer to the CDC website <https://www.cdc.gov/coronavirus/2019-ncov/index.html> for additional information.

Disinfectant

Cleaner • Fungicide • Mildewstat • Virucide* • Deodorizer
For Home, Hospital, Institutional and Industrial Use

- One-step disinfectant cleaner is effective against a broad spectrum of bacteria, is virucidal*, fungicidal and inhibits the growth of mold and mildew, when used as directed.
- Use to remove odors caused by flooding and smoke from fires.
- Kills germs, bacteria and viruses* on pre-cleaned environmental surfaces.
- Kills Pandemic 2009 H1N1 influenza A virus.

Kills Odor-Causing Bacteria. Effective in the presence of 5% serum contamination
